A message regarding Coronavirus (COVID-19)

Dear Handy Can Customer:

Our number one goal at Handy Can is the safety of our employees, our customers, and the communities we serve. We are closely monitoring the current situation and are following guidance from the CDC, WHO, and our state and local public health officials. We recognize that the Coronavirus (COVID-19) outbreak has tremendous unknowns and could cause unanticipated service delays, service interruptions, or unusually high call volumes.

We provide an essential service within our communities and strive to meet our customer commitments. At Handy Can, we have developed and implemented business continuity plans to ensure our operations run as effectively as possible during this unique period in order to keep our commitment to provide the best possible service in a courteous, effective manner, and show respect and gratitude for those we are fortunate to serve.

There has never before been a higher focus on the cleanliness of our service and we are making some changes in process and cleaning products to keep your restrooms cleaner than ever. If you should want more frequent service, please give us a call.

Effective March 20, we have adjusted our cleaning protocol to include extra disinfectant steps to help ensure your rental remains as clean as possible. Additionally, we will leave extra bathroom tissue in your business office for our units on site.

Thank you. We greatly appreciate your trust in us.
